

Mvesto Investments (Pty) Ltd

COMPANY PROFILE | 2025

Mvesto.co.za

WELCOME TO MVESTO INVESTMENTS

Mvesto Investments strives to provide excellent services and solutions to both public and private sectors, we pride ourselves with Quality of Work and Professionalism on all our projects. We have created a concrete and loyal working relationship with all our trusted clients.

- Mveleli Tokota
CEO/Director

Company Background

Mvesto Investments was registered in 2015 by Mveleli Tokota, who is qualified with an ND: Civil Engineering. The company was registered to become a role player in the highly competitive construction industry by bringing in a vast amount of previous experience. We are a 100% black-owned company.

Mvesto Investments is a dynamic construction company that offers high-quality construction solutions in civil engineering and building projects.

The organisation is well recognised and has several clients it has provided services to. The company strives to provide excellent services and solutions to the public and private sectors. Since the organisation's inception, we have prided ourselves on the quality of work and professionalism, and we have created a concrete and loyal working relationship with all our trusted clients. We continue to grow our client base and the quality of service delivery.

Year of Establishment

JAN
2015

EARLY COMPANY

During our early days our core business was to run road maintenance, patch potholes and do road surfacing. That included Asphaltting Surfacing and Road Construction.

JULY
2021

MODERN COMPANY

Mvesto Investments has evolved and implemented numerous categories as project deliverables, including but not limited to: water reticulation, sewer reticulation, sewer pump stations, stormwater management, steel pipe laying for bulk water supply, and general building.

An Innovative Creative Experience

As Mvesto Investments we pride ourselves in delivering professional and quality work to all our Clients.

We Aspire to the following Values:

- Ethnicity
- Punctuality
- Respect
- Social Economy
- Diversity

OUR OBJECTIVE

To Introduce a significant modus operandi in the industry by giving unique solutions.

Company Mission

Our Vision

We provide timeless service and unending practical solutions to the client while remaining relevant to the socioeconomic needs of our society.

Our Mission

We remain focused in improving our present-day challenges by becoming a drive for change through a partnership with our clients by effectively delivering the project beyond the anticipated perspective.
